
Las Estelas Grand Vin

Code ESTE010

One of the best winemakers in Argentina that you haven't heard of who has finally released her own range of wines under the 'Las Estelas' banner. A classic Bordeaux-style blend here of Cabernet Sauvignon, Malbec and 10% Cabernet Franc. This is sensational; with outstanding integration between each of the grape varieties, and the oak - par for the course with Estela's wines.

Tasting Notes:

A blackcurrant forest nose with sweet firm tannins on the palate. A seriously complex wine with an elegance that shows through all the Las Estelas wines.

Specification	
ABV	14%

Body	Rich, bold and robust
Producer	Las Estelas
Producer Overview	<p>Estela Perinetti comes from a family of wine makers and after working for the Catena family she has returned to her roots and now manages the family estate Las Estelas where she is fast becoming one to watch on the Argentinian wine scene. In 1940, Estela Perinetti's grandfather purchased a piece of land in the cold zone of Tupungato to produce Semillón and named it Finca Mangato. A few decades later, Dr. Héctor Perinetti, decided to plant red varieties in this vineyard. Later, Estela along with her mother, Estela Armando, chose the highest (1,300 masl) and rockiest lot to produce the vineyard's first Malbec. Today, Las Estelas is a project with three wines that honor the feminine attitude and love for wine of this great Argentine winemaker.</p>
Closure Type	Cork
Food Matches	Enjoy with meat on the BBQ
